French Ambassador Alphand raised Khrushchev speech on Berlin with Elbrick on Nov 12. Latter stated situation could be dangerous and then used Moscow's 1052 as preliminary interpretation. Elbrick then said it important we show signs of solidarity in this matter. Some sort of action indicated now and this should probably be followed by later one at December NATC meeting. Tripartite discussion preferably at Bonn seems presently indicated. Pros and cons of tripartite statement discussed but no commitments made.
